ASSESSMENTS ON SPRINGS AVE. TOUGH PROBLEM

The Adams County Commissioners, Monday afternoon concluded the scheduled hearings on appeals from assessments by being handed one of the toughest problems of the more than 600 heard.

The appeal, one that had been postponed from an earlier date, was that of Mark A. Eckert, Springs Ave., owner of what was described by the commissioners as one of the finest buildings on the block, whose house was assessed at \$5,000, or one-fourth of the "actual valuation" of \$20,000.

At the hearing the commissioners observed that "we don't think anyone in the area would sell their homes for what they are assessed at." But they would not go so far as to say that the Springs Ave. section is undervalued at its assessment. Actual valuation has been set generally by the commissioners as less than the values that might be obtained under very favorable sale conditions at the present time—which they also have held represents an "untrue value."

Age, Size Wrong
Eckert held that his property was out of line with other assessments in the area and held that the chief assessor had been led to establishing a false value because of erroneous information given concerning the size of the house.

As a guide, the assessments are figured on 67 cents per cubic foot for houses, with a depreciation of one per cent a year allowed, plus additions for various types of construction, facilities, etc. in a formula that provides for variations between houses.

Eckert presented the figures used by the chief assessor's computation using dimensions of 57 by 40 feet for the house as provided by Luther Shryock, the assessor. The measurements would give 36,480 cubic feet to the structure and using the formula the actual value of the property would come to \$19,042, what with the additions and subtractions providing for other factors and

PEOPLES DRUG WILL OBSERVE ANNIVERSARY

The Peoples Drug Store Wednesday will mark its 63rd anniversary with the start of a four-day one cent sale and related activities.

The occasion will also mark the second anniversary at its present location, 26 York St. Prior to that time it had been located at 25 Baltimore St.

Carl R. Martz, general manager of the drug store, said that the move two years ago has "proven of benefit to both us and the customers." The store is now established in a 25 by 120-foot store room trimmed in pastel shades of green and pink, offset with white—a far cry from the former store which, as it grew, reached the point where only one narrow corridor still remained for the customers—between the shelves holding the thousands of articles of merchandise.

January 19, 1913, the store received a Rexall franchise and it has been as a Rexall store that it has conducted one cent sales yearly similar to the one planned for Wednesday, Thursday, Friday and Saturday.

Present ownership of the store dates back to 1903 when C. William Beales purchased the establishment from Frank Meals, who had in turn bought it originally from Mr. Mus-selman, the founder 63 years ago. After Mr. Beales' death in 1927, the store was managed by his estate and then in 1930 Mrs. E. Mae Beales became its owner.

MRS. LINGG, 89, EXPIRES TODAY

Mrs. Appolonia Lawrence Lingg, 89, 211 Carlisle St., New Oxford, died at her home this morning at 6 o'clock. In July she had fractured a hip in a fall and had been bedfast since that time.

Mrs. Lingg was a native of Adams County and was a daughter of the late Henry and Mary (Long) Lawrence and lived in or near New Oxford all her life.

She was a member of St. Mary's Immaculate Conception Catholic Church of New Oxford and of the Rosary Fraternity of the church. She also was a member of the National Council of Catholic Women.

Her husband, Nicholas, died in 1928.

Surviving are five daughters: Mrs. Mary M. Wagner, New Oxford; Miss Mabel M. Lingg, at home; Sister (Continued on Page 10)

treasurer of the Gettysburg Fire Company and a member of the company's committee to initiate plans for the forthcoming observance.

State Senator Donald P. McPherson will introduce a bill in the

forthcoming session of the legisla-ture requesting an initial appropri-ation to finance the expenses of a state commission to inaugurate plans and study suggestions for the 1963 program. This was also announced at the dinner. Senator McPherson said he will request an appropriation within \$25,000 and the appointment of a state group.

The dinner-meeting was sponsored by the fire company committee to inaugurate the program and hear a discussion of a number of suggested ideas for the forth-coming program. The suggestions advanced by the firemen include:

Raise funds (beginning now) through school children and others to erect and dedicate a Lincoln memorial.

Re-enact Pickett's Charge.

Ask Congress to authorize the is-suance of a Gettysburg commem-orative half-dollar.

Ask Congress to authorize the is-suance of a Gettysburg commem-orative stamp.

Sponsor an International or Na-tional Jamboree of Boy Scouts.

Invite President Eisenhower to deliver the commemorative ad-dress.

James S. Shenk, chairman of the firemen's committee, opened the meeting with the following state-ment:

TAKES PERMIT TO SET FIRE TO ANY BUILDING

County Fire Marshall John Murren Monday evening warned that individuals and even fire companies must notify the district attorney's office and secure permission if they wish to burn a building.

Murren, who was discussing the planned destruction of a farm building near New Oxford in order to remove it for other construction, described the complicated legal procedure that must be gone through at a quarterly meeting of the Adams County Firemen's Association at Fairfield.

The farm building owned by a New Oxford concern may be burned to give firemen of the county an opportunity to practice various fire fighting techniques—but only if all permissions can be obtained and arrangements made, Murren said.

Then, he added, fire companies which in the past have given permission to farmers or others to burn unwanted and unusable structures are "taking a big chance. Anyone starting a fire is liable to an arson charge, and is responsible for any property damage, and if the fire departments give permission for the burning, then the firemen are liable for any damages that might result to other property."

Laws prohibit burning of structures without making arrangement through the district attorney's office because of the possibility of insurance claims, damage to other property etc., Murren said. When arrangements are made through the district attorney's office, state (Continued on Page 4)

300 Rioting Inmates Hold 3 Guards In Dakota Prison

SIOUX FALLS, S. D. (AP)—Three hundred rioting prisoners at the South Dakota State Penitentiary agreed today to return to their cells and release three guards held as hostages if Mayor Fay Wheeldon of Sioux Falls would head an impartial investigating committee.

Mayor Wheeldon said he would accept the responsibility "if they will let me do it."

He went into an immediate conference with Warden G. Norton Jameson, saying he would give the prisoners his answer after talking with the warden.

As an evidence of their good faith, the inmates released one of the three guards, Melvin De Young.

SIOUX FALLS, S. D. (AP)—Three hundred rioting South Dakota State Penitentiary inmates held three guards captive in a cell block early today, more than 12 hours after the outbreak began in the prison dining room.

The prisoners took the guards with them when tear gas was used to drive them from the dining room into the cell block.

So far as prison officials know, the seized guards had not been harmed. Before midnight the guards sent out messages saying

"If we didn't have those three guards back there we could button this thing up a lot faster," Warden G. Norton Jameson said.

Prisoners complained about food,

inadequate toilet facilities, lack of recreation, and insufficient dental and medical care. Republican officials blamed the riot on accusations about prison conditions during the current political campaign.

Through the night only sounds heard from the cell block were occasional shouts, the tinkle of breaking glass and the steady clicking of a typewriter.

Floyd Lindberg, a life term prisoner and spokesman for the rioters, was at a typewriter almost constantly. He conferred with other prisoners in small groups frequently.

After 3 a.m. the window breaking activity increased. Prisoners threw empty food cans through windows. They had helped themselves to canned meat and other foods from the commissary in the cell block.

During the night prisoners shouted for blankets. Cold winds swept through the cell block through shattered windows. The temperature was about 48.

The calls for blankets were unanswered.

Early in the riot, the agitated inmates sent out word that the three guards would not be harmed. They said the hostages would be held "until we get what we want."

Heavy iron gates separated the area from the rest of the prison.

Six convicts were hospitalized last night. None was in serious condition and four were released after treatment.

At Concert Kick-Off

Representatives of the Gettysburg Concert Association are shown above as they appeared at the kick-off dinner Monday evening at the Hotel Gettysburg inaugurating the membership drive opening this morning. Standing left to right are Dr. Jacob W. Heikkinen, president of the association, and Edgar Kneeder, New York City, Columbia Concerts Association; seated are Mrs. Earl Bowen, chairman of the membership campaign committee; Mrs. C. A. DINNER OPENS CAMPAIGN FOR CCA MEMBERS

More than 50 members of the Gettysburg Concert Association membership campaign committee and solicitors heard plans for the drive this week at the "kick-off" dinner at the Hotel Gettysburg Monday evening at 6:30 o'clock.

Dr. Jacob W. Heikkinen, president of the association, who introduced members of the board of directors, said that "our big aim this year is to increase membership in the group thereby providing a foundation for securing the highest calibre of music. Only the best is good enough."

"If a thing is to live, it must expand. The future of the association depends on growth. We are proud of Gettysburg and its venerable institutions. Music and the arts will help to foster the spiritual life of the community. In this age of dehumanization of men, concerts of this type become a spiritual necessity."

"Serving A Cause"
Dr. Heikkinen, a member of the seminary faculty, warned the solicitors that they are "not selling entertainment for the individual. They must be conscious of serving a great cause, the cause of creating a love for the fine arts in an entire community."

Edgar Kneeder, New York, representative of the Columbia Concerts Association, advised the workers on methods of procedure in carrying out successfully the membership campaign. He announced that William Warfield, the singer of "Showboat" fame will give one of the concerts. The other two will be selected Saturday evening at the close of the campaign. He announced concerts which have (Continued on Page 4)

WINS \$15 IN GRID CONTEST

Donald L. Carver, R. 3, won first prize of \$15 in merchandise by naming 16 winners of the 20 games listed in the first football contest last week, sponsored by The Gettysburg Times and 20 cooperating merchants.

Jacob C. Britcher, 431 Baltimore St., and Marvin W. Socia, 149 N. Stratton St., will split the second and third prizes and each will receive \$5 certificates as the result of naming 15 winners. Each picked a 26-point total for the Gettysburg-Waynesboro game. The actual total was 6 points.

Mrs. Marvin W. Socia also picked 15 games correctly but her point total was 33.

There were 181 entries for the first of the eight weekly contests.

Selections were made as follows: One, 16 correct; three, 15; seven, 14; 16, 13; 52, 12; 36, 11; 40, 10; 13, nine; 11, eight, and two, six.

The second group of 20 games for this week's contest are listed in display advertisements elsewhere in this edition.

Interment was made in the church cemetery. The bearers were Fred Riley Jr., Cyril M. McMaster Jr., James Riley and Leo Riley.

RIEGLE URGES BASIC TEACHING IN EACH CLASS

County Superintendent of Schools H. Edgar Riegler told the Adams County Elementary Principals Association at a meeting Monday night in the Court House that "every class—even mathematics—should be a reading, writing and spelling class in our county's schools."

Several principals argued that a student can "hardly be said to know any subject, unless he knows the meaning of the words used, how to spell them, and how to use them." The principals agreed that every teacher in every grade could automatically serve as a spelling, reading and writing instructor in connection with the work of the students within her class.

Riegler, speaking for the first time as county superintendent before an elementary principals session, gave his philosophy of education during a formal talk. "It is my firm belief," he said, "that we as moulders of men must occasionally take time out to re-evaluate ourselves and to re-view our philosophy of education to determine just how deeply we may have gotten into the proverbial rut."

Teaching Personalities

"On many days, and often many times during the day, it is difficult to think of the young people under our guidance as anything but entities sent to us to teach what historically has been associated with teaching. However, if we are to be real teachers and guides, we must constantly remind ourselves that these are personalities with which we are dealing, that the subject matter we teach them will be used only as a tool, and that the pat- (Continued on Page 10)

Board Names New School In Honor Of Dr. L. C. Keefauver

Gettysburg's new grade school building was named Monday evening by the Gettysburg Joint School Board as the Keefauver Elementary School and the action went into the records as the unanimous decision of the 24 directors voting.

Decision to honor Dr. Lloyd C. Keefauver, head of the Gettysburg public school system for the last 28 years, came after a single secret ballot in which his name received more than double the number of votes given any of the half dozen of other proposals.

Names proposed either before the ballot or by written votes cast by the school directors included: The Edward Martin Elementary School, in honor of the former governor and U. S. Senator who helped get an act through Congress making the former battlefield land available for the building; the Eisenhower School, the Battlefield School, the Gettysburg Elementary School and the Thaddeus Stevens Elementary School.

Suggested By Teachers

LIST SPEAKER, NEW DATE FOR C. OF C. DINNER

Truman D. Weller, New York City, Delaware-Hudson district manager for the United States Chamber of Commerce, will be the speaker November 23 at the annual meeting of the Gettysburg Chamber of Commerce, the board of directors of the local Chamber announced at its meeting Monday evening in the Chamber offices in the Plaza Building.

To secure Mr. Weller, who is described as one of the outstanding speakers among the U. S. Chamber of Commerce officials, the directors had to change the scheduled date for the local membership dinner from November 18, the date originally planned, to Tuesday, November 23. The dinner will be held in the Hotel Gettysburg at 6 p.m. on that date.

In addition to Mr. Weller's talk, a motion picture, "It's Everybody's Business," prepared by the U. S. Chamber of Commerce, will be shown.

Free For Members

Following usual custom the dinner will be free for all members of the Chamber of Commerce, but each member will have to pay for guests he may bring to the session.

Also scheduled for the November 23 meeting is the annual election of directors. Terms of President Mares Sherman, John Caldwell and Richard Dreas expire at that time.

Actually the group will be voting to fill a vacancy filled at the present (Continued on Page 3)

Maryland Youth Faces Three Charges

Three charges have been filed by Maryland state police against Anthony Cornett, 19, Taneytown R. 1, after two passengers were injured when his car crashed into a tree along the Old Washington Road near Smallwood Saturday afternoon.

Trooper 1/C P. M. Hahn has filed charges of driving while under the influence of alcohol, reckless driving and displaying plates issued to another vehicle. Cornett will be given a hearing Saturday before Magistrate C. Rogers Hall Jr.

Roy Boone, 18, Westminster R. 4, suffered a broken leg and Wilbur Cornett, 24, Taneytown R. 1, was treated for chest and back injuries at University Hospital, Baltimore, where Boone remains as a patient. They first were treated by Dr. J. A. Sappell, Reisterstown, who happened to drive past the scene of the accident, near G. W. Bullock's butcher shop.

Honeymooners From Niagara Falls Are Town's 2nd Set Of Pennsylvania Week Guests Monday

A young Niagara Falls couple left this community today convinced that their visit to the Battlefield of Gettysburg was the nicest thing that had happened on their honeymoon.

Mr. and Mrs. Robert A. Skimin, 703 Walnut Ave., Niagara Falls, New York, were married last week and, since they were at the spot where many go for their honeymoon, they decided to go elsewhere—to the nation's capital, Washington, D. C.

From the start, until they became Gettysburg's second group of Pennsylvania Week guests Monday, the pair ran into difficulties.

Skimin, a 25-year-old research engineer for the Metal Research Laboratory at Union Carbide and Carbon at Niagara Falls, explains the problems that beset them.

ARREST DRIVER AT HOSPITAL IN FATAL ACCIDENT

Paul Edwin Black, 43, Martinsburg, W. Va., was charged with involuntary manslaughter this morning as a result of an auto accident September 19 near Pountaindale in which Charles Stone, 42, Bridgeville, was fatally injured.

Black, who had been in critical condition at the Warner Hospital after the accident was discharged there this morning and immediately was served with a warrant by State Policeman James A. Treas.

Black, who appeared ashen after the reading of the warrant, said that the arrest marked the first time he had known that anyone had been killed in the crash.

Inquest Oct. 21st

Black suffered a severe skull fracture in the accident and was unconscious for some time after the smash-up. Police said his car swerved cross the highway, near Pountaindale, and ran head-on into a car operated by Clarence V. Lee, 40, Carnegie, Pa. In the information placed before Justice of the Peace John H. Baschore, Black is accused of operating his car to the left of the center of the highway and into the Lee vehicle, thus causing the death of Stone, a passenger in the Lee car.

Because of his condition, Black was allowed to remain in the justice's office rather than being placed in jail until bail could be secured. Those with him called friends in Waynesboro who promised to bring the \$1,000 cash bail here. At noon Black was still awaiting the bail at the justice's office on Lincoln Square.

At the same time Dr. C. G. Crist county coroner, announced that an inquest into the fatal accident will be held October 21 at 4 p.m. at the Court House.

Mrs. Stone, wife of the fatally injured man, was also critically injured in the accident and their daughter, Barbara, 16, was also badly hurt in the smash.

WILL TOUR HOSPITAL

Seventeen junior and senior girls from Gettysburg High School will tour the Annie M. Warner Hospital Wednesday noon in observance of National Nurse Week. There will be displays in several departments and each facility at the institution will be explained.

LEGION WOMEN VOTE DONATION TO CHEST DRIVE

A \$10 donation was voted to the Community Chest campaign and standing committees for the year were announced at the October meeting of the Auxiliary of the Albert J. Lentz Post No. 202 of the American Legion Monday evening at the post home.

The president, Mrs. Edith Bushman, presided at the meeting. The appeal for the Community Chest was made by the Rev. Victor K. Meredith.

It was announced that the Auxiliary's Merchandise Club will be postponed until after Christmas.

The first membership roundup of the year will be held at Harrisburg November 20, it was announced, and local members are asked to pay their dues as promptly as possible so that a good report can be made then.

List of Chairmen

The committee chairmanships were assigned as follows: Child Welfare and representative to the County Home, Mrs. C. A. Stolen Radio Is Returned To Owner

The portable radio stolen from the Dorsey-Stanton Legion home was recovered Monday and returned to its owner, Priscilla Carter, at the James Gettys Hotel.

Coy Kelly, 20, of Westminster, Md., was arrested September 30 by Maryland State Police on several charges of burglary and larceny. He admitted having taken the radio and sold it to another Westminster man.

Borough police chief Jack Bartlett went to Westminster to recover the radio, and returned it to its owner. She said it probably was taken from the home at a dance last spring and thought it would soon be returned, and did not report the loss.

FORM NEW GROUP

Thirty veteran employes and former employes of the Gettysburg Furniture Company organized a new group in the Gettysburg area. The meeting was held at the Blue Parrot Tea Room. The organization will be strictly social, McSherry said.

Burgess William G. Weaver is shown greeting Mr. and Mrs. Robert A. Skimin, Niagara Falls, on the steps of the county court house Monday afternoon as he welcomed them as the community's Pennsylvania Week guests for the day. (Gettysburg Times)

ULC HAS PLAN TO RESTRICT USE OF COMMUNION

By GEORGE W. CORNELL
TORONTO (U-P)—The United Lutheran Convention today studied a special commission's recommendation that the giving of Holy Communion to interdenominational groups be discouraged.

"We do not want to give communion to every Tom, Dick and Harry," said Dr. Elmer E. Flack, dean of Hamma Divinity School of Springfield, Ohio.

The church president, Dr. Franklin Clark Fry, described the communion regulations proposed by the commission as a "most significant matter." The recommendations were submitted to the convention, now in its 7th day, for action.

"Wrong Purposes"

In its report, the study commission said Holy Communion is being used for "wrong purposes" when given to "those who do not share the church's understanding of its meaning" or to "simulate a unity concerning the Gospel that doesn't exist."

The church's concept of communion, the group said, is that the "real presence of Christ's body and blood" are "in, with and under" the wine and bread by faith of the believer and not through any miraculous physical change.

The new restrictions would set up procedures designed to assure the serving of communion only to those who share this belief.

Giving communion, the report said, must be on grounds "of faith, not merely policy or custom." It added the sacrament "confers forgiveness and life" on the believer and "preserves him in union with Christ."

Dr. Abdel Ross Wentz of the Lutheran Theological Seminary, Gettysburg, Pa., said he would like to see the administration of the sacrament limited to individual congregations "with no exceptions." But this restriction was not proposed.

Dr. Wentz said "we must consistently resist efforts" to use joint communion as a show of unity when no unity exists as to nature of the sacrament.

WARD B. RICE "DAD OF YEAR"

Ward B. Rice, Hershey, who graduated from Gettysburg College in 1907, was named as "Father of the Year" during the 29th annual Fathers' Day weekend observance at the college.

Rice was presented a trophy which is given each year by Henry W. A. Hanson Jr. to the Father of the Year. He is now sending his fifth child through Gettysburg College. The past weekend marked his 14th year in attendance at Fathers' Day weekend here.

Approximately 1,500 attended the program Saturday evening in the college gymnasium. Dr. Harold Dunkelberger, associate professor of Bible, presided as master of ceremonies. Greetings were extended by a son and a daughter while Dean Robert Fryling greeted the parents on behalf of the college administration.

A special service was conducted by Chaplain Edwirth E. Korte in Christ Chapel Sunday morning and was attended by 1,200.

An organizational meeting of the Gettysburg College Parents Association was held Saturday afternoon in Christ Chapel with about 350 parents present. Dr. Clarence Raby was in charge.

Ron Pease, a member of the Senior Class, was general chairman for the weekend. Sponsoring the weekend program were the Kappa Phi Kappa and Kappa Delta Epsilon national honorary education fraternities.

Delone Queen Is Chosen On Monday

Miss Patricia Dubs, Hanover, was first place winner and Jean Bushey, daughter of Mr. and Mrs. Joseph Bushey, Gettysburg, R. 2, was runner-up in the apple dessert making contest held Monday at Delone Catholic High School.

Miss Dubs will represent Delone in the county-wide apple dessert making contest to be held October 18 at 4 p.m. in Littlestown High School. The girl chosen as Apple Dessert Queen for the county at that event will represent Adams County in the state contest later this month at York.

Among those who participated in the contest at Delone Monday were Sara Smith, Joan Bushey, Jean Bushey, Nina Wierman, Patricia Dubs, Mary C. Lawrence and Carole A. Risano.

The judges included Martin Hoke, owner-manager of the Parkhouse Pastry Shop at Hanover; Ned Rutledge, announcer for a Hanover radio station, and Miss Ruth Barwick, dietitian at the Hanover Hospital.

NEW AVENUE TO DISCUSSION ON DISARMAMENT

By MAX HARRELSON

UNITED NATIONS, N.Y. (U-P)—The United States said today the latest Soviet proposals on disarmament appear to open an avenue for further discussion and "we definitely do not reject them."

The U.S. position was stated by Amb. James J. Wadsworth in the General Assembly's 60-nation political committee.

Wadsworth said the Soviet proposals still leave many obstacles to be overcome, but added:

"We are still hopeful that these Soviet proposals represent an important step in the direction of an agreed disarmament program. They must, however, be clarified and elaborated. Large segments of the disarmament program are not touched at all in these proposals."

Wadsworth said the United States would be ready to support re-activation in the five-member disarmament subcommittee which held secret talks in London last spring in an unsuccessful attempt to resolve the disarmament deadlock.

In a two-hour speech yesterday, Andrei Vishinsky again yielded ground on the old Soviet demand for an immediate ban on atomic weapons.

Westinghouse, AFL Reach Agreement

PITTSBURGH (U-P)—Westinghouse Electric Corp. and the AFL International Brotherhood of Electrical Workers last night agreed on a new two-year contract.

The pact, covering 1,700 employees, provides for a wage increase ranging from 3 1/2 to 7 cents an hour retroactive to July 1. Present wage scales were not disclosed.

The contract continues until Oct. 15, 1956. It can be reopened for 30 days bargaining on wages anytime between Sept. 15 and Nov. 15, 1955.

Clerical and salaried employees represented by the union received pay increases ranging from \$1.40 to \$2.80 a week under the new contract.

The new pact also provides increased pension benefits of at least \$1.70 a month of each year of continuous service up to 30 years, plus social security.

HAZEL LASHES WESTERN TIP OF HAITI REPUBLIC

MIAMI, Fla. (U-P)—Hurricane Hazel thrashed across the western tip of the Republic of Haiti today and spun northward toward the populous eastern end of Cuba, site of the U. S. Navy Base at Guantanamo Bay.

Winds were approaching gale force over eastern Cuba and the Miami Weather Bureau predicted that region would get a full hurricane blow with gusts up to 115 miles an hour.

Cuba's high mountains were expected to give partial protection to the area which includes such important towns as Guantanamo and Santiago de Cuba.

Evacuate Navy Base

The Navy ordered all its civilian personnel to evacuate the Guantanamo Base, which sets on the underside of the eastern tip of Cuba. This is the largest U. S. Navy Base in the Caribbean.

Port Au Prince, capital of Haiti, escaped with 25 m. p. h. winds as the hurricane "eye" crossed the western end of the peninsula jutting out toward Cuba and Jamaica. That point is about 125 miles from the capital.

No reports have been received here of the extent of damage on the peninsula. The area is thinly populated.

115 MPH Gales

Winds of 115 m. p. h. covered only a small area near the center of the hurricane but gales reached outward 125 miles in all directions from the eye.

Hazel now is 675 miles southeast of Miami. The Weather Bureau said there is only a slim chance it will curve toward the mainland but the possibility has not been ruled out.

After Cuba, the next land areas in the path of the hurricane, if it continues its present course, will be the southeastern Bahamas Islands.

"MAKE CONCESSIONS"

Very often we can gain more... if we yield to this or that... for by doing so we may avoid... an argument or spat... or if we should make an error... it is better to admit... all the wrong we might have fostered... by the fault we did commit... giving ground can win a battle... like an orderly retreat... for peace of mind is worth far more... than victory with deceit... I don't mean we should be yes men... but I say we should use tact... and by reason of acknowledgment... we'll seal a friendship pact... for at one time or another... we can plant a magic seed... if we only have the courage... to give way or to concede.

Biglerville Pair Injured In Crash

A 17-year-old Chambersburg motorist has been charged with a motor code violation as a result of an accident at Caledonia State Park Sunday at 1:20 p.m. which resulted in injuries for two Biglerville residents.

State Police of the Chambersburg station said that the youth, Herbert R. Rensch, 17, Chambersburg, has been charged with failing to yield the right of way.

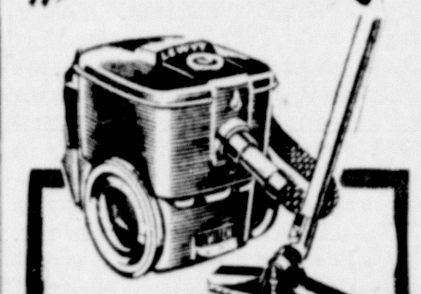

Police reported that Rensch drove his car from a road onto the Lincoln Highway into the path of an oncoming car operated by James F. Sillik, 80, of Biglerville. The two vehicles careened off the highway and down a deep ravine, coming to rest at the edge of a stream.

Sillik was released after being treated at the Chambersburg Hospital for minor injuries. A passenger in his car, Grace Bishop, 62, also of Biglerville, was admitted to the hospital for treatment of rib fractures and multiple cuts. Her condition today was listed as fair.

The Holy Lands last spring. The worship for the evening was in charge of the Rev. William C. Karns, pastor of St. John's Lutheran Church. Mrs. Winfield A. Lippy, church organist, presided at the console throughout the service.

The lecture services, which are being sponsored by the Littlestown Ministerium, will continue each Sunday evening this month at 7:30 o'clock in St. Paul's Church. October 17, the Rev. Herman E. Stenger, pastor of Centenary Methodist Church, will conduct the worship.

The following comprise the program committee for the October meeting of the Ladies' Aid Society of St. Luke's Union Church, near White Hall, on Wednesday at 7:30 p.m., at the church: Mrs. David Sentz, chairman, Mrs. Columbus Schneider, Mrs. D. C. Shanbrook, Mrs. Clair Snyder, Mrs. Calvin M. Sentz Jr., Miss Joan Sentz, Mrs. Ralph L. Snyder.

The annual Rally Day service held in St. Paul's Lutheran Church, on Sunday morning, was very well attended. A. G. Ealy, of the congregation, delivered the Rally Day

ROTARIANS SEE 1952 LINCOLN PAGEANT FILM

"Pennsylvania Week" and induction of new members featured Monday evening's meeting of Rotary at the YWCA.

As a state week attraction, the group saw the motion picture, "Mr. Lincoln Goes to Gettysburg," depicting the pageant given here two years ago by the Western Maryland Railroad as part of its anniversary observance. Walter B. Lane and Dr. Frederick Tilberg were projectionists.

Attorney Eugene V. Bulleit was in charge of the formal induction of new members who included Edwin L. Minter, Wilbur Plank, Col. Eben R. Jones, Col. Donald G. Williams, H. Edgar Riegle and E. J. Powell.

Minter gave his classification talk as part of the program. A native of Straban Twp. and a son of Mr. and Mrs. Luther J. Minter, School and a York Business college. He worked for the Pfaltzgraff Pottery Co., York, for a number of years, then for 19½ years was associated with the C. H. Musselman Co. of Biglerville.

He now serves as a public accountant and resides on E. Broadway.

Next Monday evening the Rotarians will join with the Lions, Exchange Club and Soroptimists at a United Nations Week dinner to be held at the Gettysburg High School.

Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times

St. Francis Xavier School Concert: Given Last Week—Class Medals Awarded—Report of Averages—Roll of Honor: The regular monthly concert of St. Francis Xavier School. Program being interspersed with musical and vocal selections. The reports for the month of September were distributed by Rev. T. J. Croity, pastor, and at the close of the exercises the Reverend Father spoke a few kindly encouraging words to the pupils, thanking them for the pleasure afforded and urging them to more earnest efforts in the acquisition of knowledge.

The averages attained by (some) of the pupils of the several grades are as follows: Mercedes Power, 97.3-5; Estelle Codori, 96.1-5; Rhoda Breighner, 93.4-5; Emma Frommeyer, 93.4-5; Genevieve Ramer, 90.1-5; Edgar Hamilton, 84; Harry Breighner, 83.4-5; Ruth Hamilton, 84.4-5; Frank Slonaker, 75.1; Zita Ramer, 83; Clarence Breighner, 81; Simon Stock, 84.

Roll of honor for punctual attendance and correct deportment: Misses Rhoda Breighner, Estelle Codori, Mercedes Power, Emma Frommeyer, Carrie Codori, Mary Sterner, Eva Eberhart, Florence Redding, Mary Breighner, Helen Myers, Edith Culp, Margaret Storm, Catharine Hare, Masters Clarence Breighner, Leo Redding and Bernard Maguire.

Distinguished in music—Miss Estelle Codori, Miss Clara Braunreuter.

The Axle Broke: John M. Minnich met with a mishap the other day. He was driving along Liberty Street near E. H. Culp's residence, when the front axle of his ice wagon broke throwing Mr. Minnich and his assistant Roy Pitenburff out on the hard ground. Fortunately they both escaped severe injuries. The wagon, in which there was nearly a ton of ice, was badly wrecked. The front end was broken and the top demolished.

Engagement Announced: Mr. and Mrs. Jacob Newcomer, of Harney, Md., have announced the engagement of their daughter, Miss Douglas, to Dr. Wm. E. Wolff, of Arendtsville. The wedding will take place October 27, at the residence of the bride's parents.

Will Enforce the Law: The Town Council has instructed the policemen to arrest all boys having stone slings in their possession. As stated by us previously, there is an ordinance forbidding the use of these dangerous things and the City Fathers intend to enforce the same.

The Sick: John Hoechst, residing with Howard Criswell, at Amatus is in a critical condition due to appendicitis.

George Wolf, of East Berlin, is in a serious condition.

David Bricker, of near Centre Mills, is reported seriously ill.

Mrs. H. E. Rothaupt, of Freedom Township, who has been ill for the past six weeks is able to be about again.

The Popular U.B. Church excursion to Baltimore will be run on Thursday, Oct. 20th. Starting at Fairfield and stopping at all stations as far as Hanover.

Football: The College football team was defeated by Lafayette, at Easton last Wednesday by the score of 20-0. Gettysburg's team was out-weighted but nevertheless they put up a good game.

The college football team will play U. P. at Philadelphia this afternoon (Wed., Oct. 12).

The Famous Culp Farm Sold: Auctioneer James M. Caldwell on Saturday afternoon sold for the heirs of the late Henry Culp, deceased, the Culp Farm, made famous by the Battle of Gettysburg, many of the fields of which were fought over and were stained with human blood. The farm originally contained over 200 acres, but quite a portion has been acquired by the government for National Park purposes, while a number of building lots have been sold off. It was sold as containing 143 2-10 acres, to Hon. Wm. T. Ziegler at \$61 per acre, making a total of \$8,728.10.

Today's Talk

YOUR LEISURE HOURS

All of us have a free gift of leisure hours. Usually these may become the most productive of all others of the day. In the first place, they give us the opportunity of relaxing and resting the mind through new activity.

Logan Pearsall Smith once said: "If you are losing your leisure, look out! You may be losing your soul." As a rule the leisure hours granted us are the freest and least guarded. Therefore we are apt to let them slip away from us without having enriched ourselves with their offered opportunities.

A half hour of carefully planned reading each day could make a well-educated person out of anyone wishing to become so. All of us have far more time on our hand than we realize. Many useful and famous persons have gained all of their education from study during the night hours.

We get just about what we aim for in this life. We literally walk through a forest of opportunities. These opportunities usually come out during the leisure hours. It's then that they make the most noise to attract attention, and are the most presentable. It's said that they are so often shoved aside without encouragement. The late Henry Ford built the small model of his first automobile during his leisure hours.

If read where the great Dr. Johnson, "at the age of seventy-two, retired to his summer house at Streatham to plan a greater diligence." After reading Boswell's Johnson, one of the greatest of all biographies you will learn that no time was lost between them both as to their leisure hours. They used them to the full!

Tomorrow Mr. Adams will talk on the subject: "Yes, You Can!" Protected, 1954, George Matthew Adams Service

Just Folks

YES AND NO
If she wants the answer "yes" you'd better say it. Neither hesitate about it nor delay it. When you're married, take another tip from me: When she wants it "no" then "no" it's going to be.

On the use of "yes" and "no" is much depending. Either one can lead to wrangles never ending. If she wants it "yes" don't ever disagree. You'll be wasting time, for "yes" it's going to be.

In the matrimonial seas are many breakers. And the little "yes" and "no" are trouble makers.

"Yes, my dear!" and "No, my dear!" don't lightly weigh them. I am warning you, be careful how you say them.

Dr. H. Lott McIlhenny and Son Bruce Killed in Terrible Collision: Postmaster Wm. B. McIlhenny received a telegram Monday evening conveying the sad intelligence that his oldest brother Dr. H. Lott McIlhenny and son Bruce, of Kingman, Kansas, had been killed in a railroad wreck on "Dead Man's Curve" near Warrensburg, Mo., on the Missouri Pacific railroad, Monday.

The train on which Dr. McIlhenny and his son were passengers was bound for St. Louis and was composed of three day coaches and a sleeper crowded with passengers and collided with a freight train at the place above mentioned. Both trains were running at a high rate of speed, and the freight literally plowed through the passenger killing about 30 people and injuring about 60.

Dr. McIlhenny was the oldest son of the late J. G. McIlhenny, and was a prominent physician of Kingman, Kansas, where he had a large practice. He was aged about 47 years. The son Bruce, a namesake of Postmaster McIlhenny, was a bright boy aged 12. They were on their way to the St. Louis Exposition after which they intended coming East on a visit to relatives.

Dr. McIlhenny is survived by his wife and three daughters.

Cattle Killed: Seven head of fine cattle have been killed as a result of rabies among J. S. Amann's herd of 25 cattle at Emmitsburg. The cattle were bitten by a mad dog, and it is probable that more of the animals will have to be killed.

Tax Agents Check Largest Returns

CHICAGO (AP)—Federal revenue officials put the magnifying glass on one of every 19 income tax returns filed with the government during the fiscal year 1953. The ones selected for audit were those with the largest chance for mistakes.

The annual report by the Commerce Clearing House, a national reporting authority on tax and business law, says an average of two of every five income tax returns examined for fraud resulted in recommendations for prosecution. This represents an increase over the previous year's ratio of one to three.

SAYS LOYALTY STATEMENT IS "MISLEADING"

UNITED NATIONS, N.Y. (AP)—U.N. Secretary General Dag Hammarskjöld says an employee's loyalty to the U.N. "means observing the discretion, impartiality and independence necessary for the operation of any international organization."

In a statement replying to U.S. criticism of a report on conduct for staff members, the secretary general said last night it was "most misleading" to suggest the report urged employees to put loyalty to the U.N. above loyalty to their own countries.

Informed of Hammarskjöld's statement, Chief U.S. Delegate Henry Cabot Lodge Jr. said "the secretary general's statement seems to clear the matter up, and naturally I am glad."

In a television interview Sunday, Lodge expressed belief the report used the word "loyalty" by mistake and said he would make his view known at the U.N.

Standards Of Conduct
The "Report on Standards of Conduct in the International Civil Service" was issued by the International Civil Service Advisory Board, set up by the U.N. General Assembly. Its recommendations were aimed at the more than 10,000 employees of the U.N. and its affiliated agencies, including more than 2,300 Americans.

In cases of possible conflict between national and international loyalties, the report said, "the conduct of the international civil servant must clearly reflect his obligation to the international organization."

Hammarskjöld's statement said the Board did not say employees should put loyalty to the U.N. above that to their own country "and it does not mean it." "Loyalty to the U.N.," he explained, "in the sense in which I understand the Board to have used the phrase, does not bring a staff member in conflict with the duties of a good citizen of a member nation, which has pledged itself to observe the terms of the (U.N.) charter."

CALL INQUEST INTO DEATH OF LITTLE BABY

LOCK HAVEN, Pa. (AP)—A coroner's inquest will be held here Friday into the death of 13-month-old Dorothy Jean Pruey.

Coroner Leroy Bryerton, Clinton County, set the inquest date yesterday after announcing that the child died last Thursday "of unnatural causes."

The child's father, Airman Kenneth Pruey, attended his daughter's funeral yesterday and then returned to a Texas air base where he is stationed. He was in Texas at the time of the girl's death and arrived here Sunday.

The child was dead on arrival at the Lock Haven Hospital of what Bryerton described as "a blood clot on the brain."

"This child got a terrible beating at some time or another," he said. Bryerton said Dorothy Jean was admitted to the same hospital two weeks before her death suffering with a fractured leg and two black eyes. He did not comment further on those injuries.

Police said Donald Andrus, 23, who they described as a friend of Mrs. Pruey, called for help last Thursday night when he noticed the girl was suffering.

Police said the mother was in the apartment when they arrived on Andrus' call.

The Prueys have two other children, both young girls.

MANY PROGRAMS ARE HELD FOR "STATE" WEEK

PHILADELPHIA (AP)—Pennsylvania Week—the commonwealth's annual period of civic chest thumping—got into full swing today with a series of ceremonies in various parts of the state.

In Philadelphia, 200 years of freight transportation progress was demonstrated in a parade led by an authentic Conestoga Wagon, drawn by six horses.

The wagon, the freight hauler of its day, was followed in the line of march by some of the latest model trucks now in use in Pennsylvania. The wagon's horses sport a set of bells from the 18th Century, now the property of Mrs. Mary E. Good of Rohrerstown, Pa. The wagon itself was in the news recently when it travelled from Lancaster across western Pennsylvania to Wheeling, W. Va.

Dedicated Restored Fort
In western Pennsylvania, restored Ft. Ligonier was dedicated formally today in another Pennsylvania Week ceremony. A pageant depicting the history of the Ligonier Valley was the highlight of the program with Gov. John S. Fine the principal speaker.

The rebuilt fort is a replica of the stockade constructed in the fall of 1758 during the French and Indian War. It was named for Sir

Medical Society, State of Penna. Presents

Over 65

by GEORGE H. BRETT
Lieut. Gen. U. S. Air Force (Retired)

Retiring at the age of sixty made life after sixty five a much simpler problem. The major difficulties rose immediately after retirement. Loafing and resting fitted into the picture for about three months and then the old "urge" to do something presented itself. But what to do? The problem settled itself one morning at the breakfast table. Mrs. Brett looked at me and said "One of three things is going to happen—you are going to die, we are going to get a divorce, or you are going to work!" That was the answer. My condition was effecting my family.

To meet the work requirement, I accepted a position as an insurance agent working with the military. It developed into a most interesting job and one which required enthusiasm, energy and personality. It kept me on the move and built up a keen interest in competition. It gave me an incentive which had been lacking.

The job also gave me contacts which I had not appreciated. I became a lecturer to junior officers and even wrote a book, all in all it proved my salvation.

Keep Life Interest
Therefore, age 65 has not bothered me as I was forced into an atmosphere at the age of 60 which has answered my questions. Looking back I would have tried to build up a condition which I could have stepped into on retirement. A planned schedule of interesting projects without doubt based to an extent on my active career but dealing with the civilian phases. Not the big executive type of work but the smaller things in which personal contact means so much.

Work, no matter the line of endeavor which it may follow, is the secret of keeping one's interest in life and continued living.

Appointed Commander-in-Chief of Allied Air Forces in Australia in 1942, Lieutenant General George Howard Brett climaxed thirty-two years of service with U.S. forces beginning as a 2nd Lieutenant with the Philippine Scouts. He has served on special missions in England, Burma, China and Egypt and from 1942 to 1945 was commanding general of the Caribbean Defense Command and the Panama Canal Department. General Brett has received scores of citations from this and foreign countries. Born in Cleveland, Ohio, February 7, 1886, he lives in Orlando, Florida.

RED SOLDIER KILLED

MUNSAN, Korea (AP)—The Communists charged today that one Red soldier was killed and one wounded and kidnapped by armed Allied soldiers who "ambushed" Communist police patrols in the Korean neutral zone.

A joint investigation was ordered under the Red-Allied Military Armistice Commission.

WOOD ASSAILS PARTISANSHIP IN RESOURCES

HARRISBURG (AP)—Lt. Gov. Lloyd H. Wood, Republican candidate for governor, said today there is "no room" for partisan politics among sportsmen in Pennsylvania.

"Fishing and hunting must continue to be administered by efficient and able personnel if we are to preserve these heritages for our growing children," Wood said in a statement.

Wood said the commonwealth's fishing program produces a great tonnage of both game and food fish than the combined production of all the states bordering on Pennsylvania.

Shall Maintain Achievement
"Not only shall I strive to maintain that achievement, but I shall let no stone unturned in a sincere effort to increase and make that record even greater."

Wood pledged that if elected governor he would "promote and further improve the streams, lakes and waterways in Pennsylvania so that new generations will have the same opportunity for this kind of healthful recreation as those who have gone before."

"One of the most important functions of our state government is the provision of healthful outdoor recreation for our citizens," Wood said. "It is not only good economics, but it is also one of the best ways I know to combat delinquency."

Quired Opponent
On a statewide television broadcast from Philadelphia last night, Wood asked if his Democratic opponent, Sen. George M. Leader, would have the loyalty oath law repealed.

Referring to Leader's vote against the 1951 law requiring public employees to swear they are not subversive under penalty of losing their jobs, Wood said:

"I say in earnest good faith that the strenuous effort of my Democratic opponent to prevent the loyalty act, with its anti-subversion provisions, from becoming law gives us the right to wonder if he is thinking straight."

Asked Audience
Wood read the full text of the loyalty oath and asked members of his audience if they would object to taking the oath.

"The only difference between the new loyalty oath, that my opponent objected to, and the oath we have been taking for years is the new provisions dealing with communism and subversion," he said. "These provisions were included at the request of our veterans organizations."

Wood then asked "why did he object so strenuously to this patriotic requirement?"

Wood also promised to back a state bonus for veterans of the Korean War, declaring:

"Republican administrations have never lost sight of the state's obligations to its veterans. Following World War II, your Republican Legislature enacted a veterans' bonus law."

"At the end of last year, more than 426 million dollars in veterans' bonuses had been paid. Now what does the 1954 Republican state platform hold in promise for veterans? It pledges a bonus to veterans of the Korean War."

"The Republican party not only recognizes the right of the Korean veterans to a bonus, but considers it an obligation of the state."

New York State collects more than two million dollars a week in gasoline taxes.

Frozen Milk Sale Is Ruled Illegal

HARRISBURG (AP)—The sale of a frozen sweetened milk manufactured by a Philadelphia firm was ruled illegal in Pennsylvania.

Judge Homer L. Kreider, in Dauphin County Court, yesterday said Carl-Rich, Philadelphia, manufacturers of Malt-a-Plenty and Snake-o-Malt, have 20 days in which to appeal the ruling.

If the appeal is not filed, Kreider said, an injunction will go into effect prohibiting the sale of the products in the state.

The products are sold in some 165 retail stores throughout the commonwealth. The Sun Ray drug Co. is the chief retailer.

The judge said the sale of the product violates the provisions of the state ice cream law by not containing sufficient butter fat.

The products are manufactured by Carlo Galletta and Richard Nasuti, trading as the Philadelphia firm.

Washington News Letter

By Jane Eads

WASHINGTON (AP)—The Baroness Silvercruys, bride of the Belgian ambassador, finds the role of diplomatic hostess more exacting than that of senator's wife.

"There are more formalities to be observed, and more detail," the beautiful former Rosemary McMahon, widow of Brian McMahon, Democratic senator from Connecticut, explained.

"I don't have a secretary like most ambassadors' wives," the baroness said, "I find it less difficult to do things myself than take the time to explain what I want done and how."

Raised In Capital

Blonde Baroness Silvercruys whose marriage to the wealthy, long-time bachelor diplomat was a highlight of the social season, is the daughter of the late Arthur Turner, one-time managing editor of the Baltimore Sun. She grew up in the capital and was attending journalism courses at George Washington University here when she met and married the senator in 1940. Her pretty daughter, Patricia, 13, is a student at the Holton Arms School, which she herself attended.

"Though Patty is still very young, she says she wants to be a lawyer like her Daddy," the ambassador's wife told me.

The baroness is a close friend of Mamie Eisenhower's, and they belong to an intimate group of card players. The baroness also likes dancing and horseback riding and now is taking up skeet shooting, a sport favored by her husband.

"The racket is something awful, but once I get used to that, I think I'll do all right," she said.

The ambassador, his wife and Patty spent the summer abroad, leaving on the Ile de France and returning in mid-September.

Patty will spend a couple of weeks in Paris at the home which former Senator William Benton (D-Conn.) has leased for two years while his three younger children, Louise, Helen and John, are attending school and learning French in the European capital. Benton, now with the Encyclopedia Britannica in New York, flies over every few weeks to visit with the family, and the Baroness says he expects to buy a yacht and take a cruise this summer.

The Silvercruys and Patty expect to spend their vacation motoring through the Belgian and French countryside and relaxing at a house which they have taken at Como, in the Italian lake region.

Name Of Red Is Taken Off Ballot

TRENTON, N. J. (AP)—The New Jersey Supreme Court has ruled the name of a Communist candidate off the Nov. 2 election ballot.

The court yesterday denied a court order which would have restored the name of Bert Salwen to the ballot as Communist party candidate for Mercer County freeholder.

Salwen sought the order after County Clerk Albert H. Rees ordered his name removed under a new Communist Control Act signed last month by President Eisenhower.

Two weeks ago Superior Court Judge John Drewen turned down Salwen's application and refused to declare the Communist Control Act unconstitutional. The Supreme Court upheld Drewen by a 7-0 vote.

Salwen said he was not a Communist and that he was not a member of the Communist party.

police, local police, the fire marshal's office and other responsible officials are notified and can make arrangements in connection with the fire, he added.

He concluded by noting that "the best way to burn down an old building is to tear it down first and then burn the debris." In connection with his discussion, he said the law prohibits bonfires after dark and that anyone setting a bonfire is responsible to see that it is kept under control and is tended, and is also responsible for any damage if the fire spreads.

Praises C-D Setup

Murren urged the firemen to "understand the importance of Civil Defense in everyday life. This is an organization set up in case of war, it is true, but it is proving even more important in the everyday emergencies that occur. The recent hurricanes and other catastrophes called out Civil Defense, and it was ready and waiting. Through the efforts of Civil Defense and through the improved hurricane warnings, the death toll annually from hurricanes has been greatly reduced."

Murren said plans for the next air raid test activities in the county will be arranged at a meeting of the Adams County Fire Chiefs Association Thursday night at Bendersville.

Secretary Roger Myers reported that the next frequency test of the radios in the fire engines of the county is scheduled to take place the latter part of this month and added that bills for the cost of the test will be sent by him to all companies.

Edward Loeffel, treasurer of the firemen reported that more than \$700 was realized from the yearbook published in connection with the annual convention of the firemen.

Fairfield Fire Co. President Raymond Myers welcomed the group. Eighteen companies were represented. President Bernard Selby presided. The session opened with the singing of America and recitation of the Lord's Prayer.

There were 7425 members in the association last year. The committee has announced a goal of one thousand members this year. The campaign slogan is "Comb the County."

At the speaker's table were the following directors: Dr. Jacob W. Heikkinen, Mrs. Frank H. Kramer, Mrs. Walter C. Langsam, Rev. A. W. Geigley, Mrs. Earl Bowen, Dr. Harry P. Baughman, Mrs. Floyd King, Dr. William K. Sundermeyer and Mrs. Heikkinen, wife of the president of the association, and Mr. Kneeder.

Mrs. Bowen introduced the following division chairmen: Mrs. P. J. McGlynn, Mrs. Joseph Baker, Mrs. George F. Eberhart and Mrs. William G. Weaver. The chairmen introduced captains and workers.

Campaign headquarters will be open in the lobby of the Hotel Gettysburg all week. The telephone number is 1065. Adult tickets are \$6 and students tickets, \$3.

Miss Marie Budde, Littlestown, member of the faculty of Gettysburg College, sang three solos: "Think on Me," by Alicia Scott, "My Lover Is a Fisherman," by Lillie Strickland, and "Baubles, Bangles, Beads." Her piano accompanist was Mrs. Richard Little Jr., of Littlestown.

Warriors, Bullets, Delone In Away Games; Biglerville Hosts Littlestown Friday

With the lone exception of the Biglerville-Littlestown game at Biglerville Friday evening, all gridiron action for local teams will be staged on foreign soil this week.

Gettysburg High's Warriors, keenly disappointed in losing to Waynesboro last week, journey to Shippensburg to meet the winless Greyhounds in another non-conference game Friday night.

Coach Howard Shoemaker's clan has lost its last three games and now has a 1-4 record. Shippensburg has suffered setbacks in all of its four games.

The Gettysburg College Bullets, with a victory over Albright and loss to Bucknell, invades Bethlehem Saturday afternoon for a game with Lehigh. The Bullets were unable to score against Bucknell while Lehigh tallied seven touchdowns on Saturday although in vain as it bowed 48-46. All of which adds up to another very rugged assignment for the locals.

Lehigh has a 0-3 mark, having sustained reverses at the hands of Virginia and Delaware in addition to Bucknell.

Squires At York

Delone Catholic, 1-4, journeys to York Sunday for a Central Penn. Catholic League game with York Catholic. The Squires' lone victory was a league affair—a 7-6 decision over Lancaster Catholic.

An overflow crowd is expected to jam Musselman Memorial Field, Biglerville, Friday night for the battle between undefeated Littlestown and the Cannons. The Thunderbolts have a 3-0-1 mark and are currently tied with West York for the lead in the Laurel Conference.

Biglerville is still seeking its first victory of the campaign. The Cannons have dropped three straight, one of which was a conference game to West York last Saturday.

Waynesboro invades McSherrystown for a game with the unbeaten Delone Freshmen Thursday evening.

WILL SAVE FEE

(Continued from Page 1)

the status of the contingency fund for the high school annex project is checked.

An offer was read to the board Monday evening from the Mid-Town Electric Company to do the work and install all equipment including clocks for \$10,804. The work originally was intended to be done under the general contract but after the bidding it was discovered that the old building had been dropped from the plans. During discussions at board meetings, the oversight has been laid to the architect.

Asks Higher Fee

The auditors' report for the joint school district account was read in summary form and approved. Attorney John MacPhail appeared before the board to present a request from Public Accountant Samuel F. Daley for a \$100 increase on his fee for auditing and preparing reports on the 1951 trust indenture and to point out there is no money provided to cover advertising costs for the annual audit.

He distributed resolution forms for action by individual boards making available an additional \$150 to cover the extra fee and advertising this year. The \$150 would be divided between the member boards.

Payment for the heating plant changes made at the Meade School this summer were ordered paid upon approval by the district's heating engineer, William K. Hood.

Hear Treasurer's Report

Secretary Kenneth G. Reinhart Jr. was authorized to attend the state convention of school secretaries at Harrisburg.

Attorney Edward B. Bullett was introduced as the new member of the Gettysburg borough school board.

The monthly report of the First National Bank, school district treasurer, showed a current balance of \$15,375 as against a balance of \$40,673 a month ago. Tuition payments totaled \$7,000 and expenses were \$31,895. The cafeteria report showed a previous balance of \$5,395, deposits of \$2,129 and federal aid of \$297 with expenses coming to \$3,574. The end of the month balance was \$4,248.

The athletic fund report showed receipts of \$4,513 and expenses of \$2,198 leaving a balance of \$2,315. The activities fund showed a balance of \$11,582 after receipts of \$6,386 and expenditures of \$1,791. Vice President Ralph Guise called the meeting to order but Dr. Wickert took over when he arrived from a pre-meeting committee session.

Big Car Racing Will End Sunday

WILLIAMS GROVE, Pa. — Entries have been mailed out to the nation's top drivers riding on both the Eastern and Mid-western circuits for the traditional 50-lap Ted Horn-Bill Schindler Memorial Trophy Race to be held on Sunday, October 17, which officially closes the AAA big car auto racing season on the Williams Grove Speedway.

Roy Richwine, owner of the half-mile oval, in announcing plans for the finale, said: "Since this week's race is the only AAA big car auto race scheduled on either circuit, we expect a field of around 40 cars, bringing together the best the East has to offer against the hottest chauffeurs from the Midwest. In other words, it will be East versus Mid-west in the gruelling 50-lap test."

OKLAHOMA GETS FIRST SPOT IN GRID RATINGS

By HUGH FULLERTON JR.

The Associated Press

Oklahoma's one-touchdown victory over Texas last Saturday released a landslide of votes today that swept Bud Wilkinson's Sooners far in front in the weekly Associated Press rankings of college football teams.

Out of a total of 201 sports writers and broadcasters, no fewer than 118 picked Oklahoma first. And not one failed to put the Sooners somewhere in the first 10.

As a result, Oklahoma collected 1,797 points on the usual basis of 10 for a first-place ballot, 9 for second, etc. A week ago, when they had won only two games, the Sooners polled 77 firsts and 1,369 points.

The leaders (first-place votes in parentheses):

1. Oklahoma (118)	1,797

All high school coaches are urged to attend.

MOST HOMERS AT CINCINNATI

NEW YORK (AP)—Crosley Field, home of the Cincinnati Redlegs and a relatively new member of the "shortened foul lines" club, replaced Brooklyn's Ebbets Field in 1954 as the favorite target of major league home run hitters.

A total of 199 homers were hit in Cincinnati. Ebbets Field was the scene of 193 home runs and New York's Polo Grounds 187, figures compiled by The Associated Press disclosed today.

Fenway Park, den of the Boston Red Sox, headed the American League in number of home runs with 139 to 137 for Cleveland's Municipal Stadium.

American League batters found Baltimore's Memorial Stadium the toughest. Only 42 homers were walloped there.

Pittsburgh's Forbes Field slumped in number of home runs from 141 in '53 to 64 last season with the removal of "Greenberg Gardens" responsible for much of the decrease. The "Gardens" demise moved back the left field barrier from 335 to 365 feet.

LOOKING AHEAD

KANSAS CITY (AP)—The Kansas City Merchants Assn. said it had received requests for more than one million tickets for the 1955 baseball season, contingent on the Philadelphia Athletics coming here.

The association started taking advance requests last Wednesday in an effort to show the city's interest.

DEBT-RIDDEN MACKS TO LOSE CONTROL OF A'S

By JOE MOOSHIL

CHICAGO (AP)—Who will gain control of the Philadelphia Athletics and where will they play in 1955 were the big questions American League club owners hope to decide at a meeting today.

That the debt-ridden Macks will lose control of the franchise which has been in their family for 54 years appeared a virtual certainty unless some "angel" pops up with needed cash.

At a league meeting in New York two weeks ago, Roy Mack was given 14 days to raise \$750,000 to buy control of the team from his father Connie and brother Earle.

McShain Losing Interest
Roy, fighting grimly to keep the A's in Philadelphia, hasn't come up with the money.

Arnold Johnson, Chicago business executive, seems to be top man with his \$3,750,000 offer to buy the team and move the franchise to Kansas City. Connie Mack and Earle are in favor of selling to Johnson but Roy has opposed.

Millionaire building contractor John McShain, believed to be Roy's last hope to get the money, said in Philadelphia he has lost interest in backing Roy financially.

Two other offers besides Johnson's have reportedly been made but American League President Will Harridge said yesterday "the only bona fide offer we know about thus far for the Athletics has been made by Johnson."

Offer From D. C.
However, Tommy Richardson, president of the Eastern League and one of the Athletics' directors, maintains he has \$3,375,000 in cash to match Johnson's offer.

Richardson said he'll be in Chicago to ask for the right to buy the franchise.

Another offer was made in Washington, D.C., yesterday. Leo De Orsey, prominent attorney, and Joe Tucci, retired plumbing contractor, said they want to buy the team and keep it in Philadelphia.

De Orsey and Tucci said they have made an offer of \$2,856,000 which will be submitted at today's meeting by Calvin Griffith, executive director of the Washington Senators.

All members and those expecting to take the forthcoming examination are urged to attend. New rules and case books will be distributed.

Weather Forecast

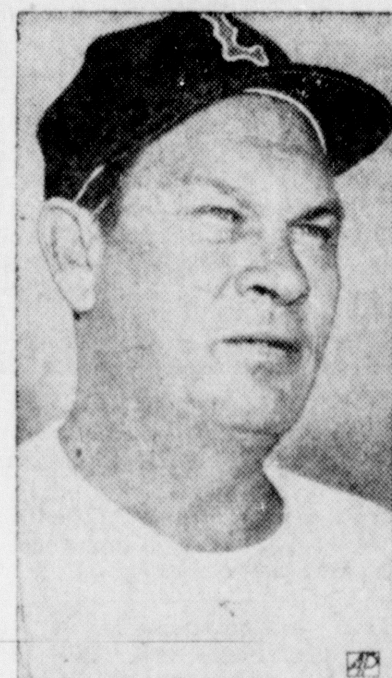

Extended weather for Wednesday, Oct. 13, through Sunday, Oct. 17:

Eastern Pennsylvania, Eastern New York and Mid-Atlantic States: Temperature will average 2-5 degrees above normal, rather warm Wednesday, cooler Thursday and Friday, warmer over weekend, showers and thunderstorms Wednesday and again Saturday or Sunday, total rainfall ½ to 1 inch but locally near 2 inches south portion.

Western Pennsylvania, Western New York, Ohio and West Virginia: Temperature will average normal to 4 degrees above normal, cooler Wednesday and Thursday, warmer by Saturday, showers and thunderstorms today and in east portion early Wednesday, showers again about Saturday, total rainfall ½ to 1 inch but locally near 2 inches.

Michigan State's Macklin Field Stadium has a seating capacity of 50,745. Last year, however, they drew more than 51,000 spectators in four of their five home games.

Takes Over

Frank (Pinky) Higgins (above) has been named manager of the Boston Red Sox, replacing Lou Boudreau who had one year to go on his contract. Higgins, pilot of the Louisville Colonels, winners of the Little World Series title, has been managing in the Red Sox system for the last eight years.

DON BAILEY IS "WONDERFUL" FOR PENN STATE

STATE COLLEGE, Pa. (AP)—Ever since Tony Rados picked up his sheepskin last summer, the football experts evaluating Penn State's 1954 chances pointed out the lack of an experienced quarterback.

They overlooked 170-pound Don Bailey, a quiet senior who rode the bench the past two seasons while Rados set new passing records.

Bailey looked promising each time he took over but always there was some little detail missing.

Now, take it from Coach Rip Engle himself: Bailey has arrived.

Now "His Wonderful" "He was wonderful, I thought, against Virginia," the usually cautious Engle said. "On a couple of handoff plays he not only fooled Virginia, he fooled me, and they were my plays."

Bailey's artful handling of Engle's T formation plays has largely been responsible for Penn State's victories over Illinois, Syracuse and Virginia. The 21-year-old Pittsburgher is especially adept in the keep or handoff option.

Now he's started to click on his passes, completing 7 of 13 passes against Virginia.

Tough Ones Ahead
The emergence of Bailey as the answer to the quarterback problem forced Engle to declare in another rare moment of optimism:

"This team may make mistakes from time to time, but it's fundamentally sound and its spirit is unexcelled. And we're still improving. Our passing is definitely better and I think our faking is vastly improved."

Whether Penn State has the stuff to remain among the nation's top ranked teams will be determined in the next two weeks when they meet unbeaten West Virginia, always a tough traditional foe, and the upset-minded Texas Christian Horned Frogs who defeated Southern California 20-7 Friday night.

After those tough ones the Lions' schedule tapers off to Penn, Holy Cross, Rutgers and Pitt and a chance for their first unbeaten season since the 1947 team that tied Southern Methodist in the Cotton Bowl.

MOOSE SQUADS GIVEN DINNER

Members of the Moose softball team of the local league were tendered a roast beef supper by the Moose Lodge Monday evening at the lodge home.

Special guests of the softball team were members of the Little League squad sponsored by the Moose. The Little Leaguers won their league title during the past season.

Michael Tate, chairman of the lodge athletic committee, presided. Russell Mummert, past junior governor of the lodge, spoke on behalf of the Moose officers and congratulated both teams for their fine seasons.

Johnny Grindler, manager of the softball team, and Francis Knox, manager of the Little League entry, spoke briefly.

Members of the squads present were: Softball, Max Sherman, Bernie Cole, Jake King, Ralph Johnson, Robert Miller, Tate, Knox, Grindler, and Billy Little, bat boy; Little League, Gary and Gregory Maitland, Ronnie Stokes, Richard Becker, Richard Noble, Charles Fair, Ronald Sprankle, Arthur Sprecher, Gary Fair, Daryl Tuckey, Manager Knox, and Assistant Manager Douglas Knox.

In addition to the guests of honor, lodge officers attended.

CANNER J-VEES EDGE BUBBLERS FOR 12-7 WIN

Sparked by the brilliant passing of Ken Baltzley, the Biglerville High School junior varsity football team defeated Bolling Springs 12-7 at Biglerville Monday afternoon. Baltzley hurled one touchdown pass and connected consistently to keep the Bubblers on the defense throughout.

Coach Bob Garrett's lads scoring on the first play from scrimmage following the opening kickoff which was returned to the Canner 38-yard line. At that spot Dave Slaybaugh took a handoff and raced 62 yards for the score. Russ Bolen failed on a plunge for the point but the Bubblers were off-side. On the next try Baltzley tried to sweep end but was thrown.

Midway in the final period Dick Byers, quarterback, took a pass from Baltzley for the second TD, the play covering 20 yards. A pass for the point fell incomplete.

Bolling Springs, taking advantage of the presence of Canner reserves, drove deep into Biglerville territory with Glenn Witmer going off tackle for 20 yards in the final minute. He added the point on another line thrust.

Biglerville chalked up eight first downs to five for their opponents. The Cannons next met Carlisle on the latter's field Thursday evening, October 21, at 7:30.

FEARED HIGGINS MIGHT BE TAKEN AWAY FROM SOX

By BOB HOORING

BOSTON (AP)—The Boston Red Sox, jolted into action by rumors that other major league teams were after the services of Frank (Pinky) Higgins, have signed their Louisville farm club ace and former local favorite to a two-year managerial contract.

Higgins' appointment to succeed Lou Boudreau, whose second two-year pact with the Sox had a season to run, was made yesterday by General Manager Joe Cronin at a hastily-called press conference.

Cronin was asked why Higgins, groomed to the Red Sox minor league chain for eight years, wasn't called up next year when Boudreau's contract ran out.

Move To Save Higgins
"It wasn't so much getting rid of Boudreau as it was saving Higgins for the organization," Cronin answered. "He had three offers to manage other teams—two of them very definite, one in each league—and it wouldn't have been fair for us to stand in his way for advancement."

Those definite offers are believed to have come from the Baltimore Orioles, where in his present status Paul Richards is both general and field manager, and the Philadelphia Phillies.

The decision to bring up the 45-year-old Higgins was made in a long distance telephone conversation Sunday night between Cronin and Red Sox owner Tom Yawkey—some 24 hours after Pinky's Louisville team of the American Association won the Little World Series from Syracuse of the International loop.

Higgins and Boudreau were informed by phone just prior to the press conference.

CHICAGO STARTS CLEANUP AFTER SEVERE STORM

CHICAGO (AP) — There was a speedup in cleanup operations today from the city's worst rain-storm of the century and the flood crisis appeared diminishing.

No heavy rains were forecast today after a weekend of torrential rains measuring nearly 7 inches. But much of the city's business and industrial activities were curtailed.

Damage from the floods, which drove thousands from their homes in the city and suburbs, was estimated at 15 million dollars.

An estimated 100,000 persons were made idle yesterday as a result of the flood. Power plants which were knocked out virtually halted operations at nearly a score of big industrial plants.

Other thousands were kept from jobs by damage to business buildings and factories, flooded homes and transportation problems. Payroll losses added to the property damage.

Threat Is Easing

Although Chicago's flood threat appeared easing, a critical flood danger continued in nearby northern Indiana communities. Heavy rain fell in the Hammond area during the night and hundreds of persons were driven from their homes by the flooding Little Calumet River.

About 1,000 families already have been evacuated from sections of South Hammond, Highland, Munster and Whiting.

National Guardsmen were moved into the flood-stricken area after Mayor Vernon Anderson declared a state of emergency in Hammond.

The Red Cross said floodwaters extended over some 700 homes in South Hammond and 150 in both Munster and Highland.

The waters also extended over a wide area to the west and south of Chicago, with southwestern suburban areas hardest hit.

BOOST BUS FARES

HARRISBURG (AP) — The Reading Transportation Co., Philadelphia, today has public utility commission authorization to increase bus fares 20 per cent on most of its lines, effective Sunday.

The new fares, the commission said, will produce an estimated \$55,300 additional annual revenue.

Rates on the Harrisburg-Gettysburg, Hatboro-New Hope and Philadelphia suburban lines will remain unchanged.

SOUTHERN VISITOR

HADLEY, Mass. (AP) — After missing poultry from his flock for two weeks, Stanley C. Kielec trapped the culprit—an opossum.

He has no idea how the fugitive from the South ever got to the western part of Massachusetts.

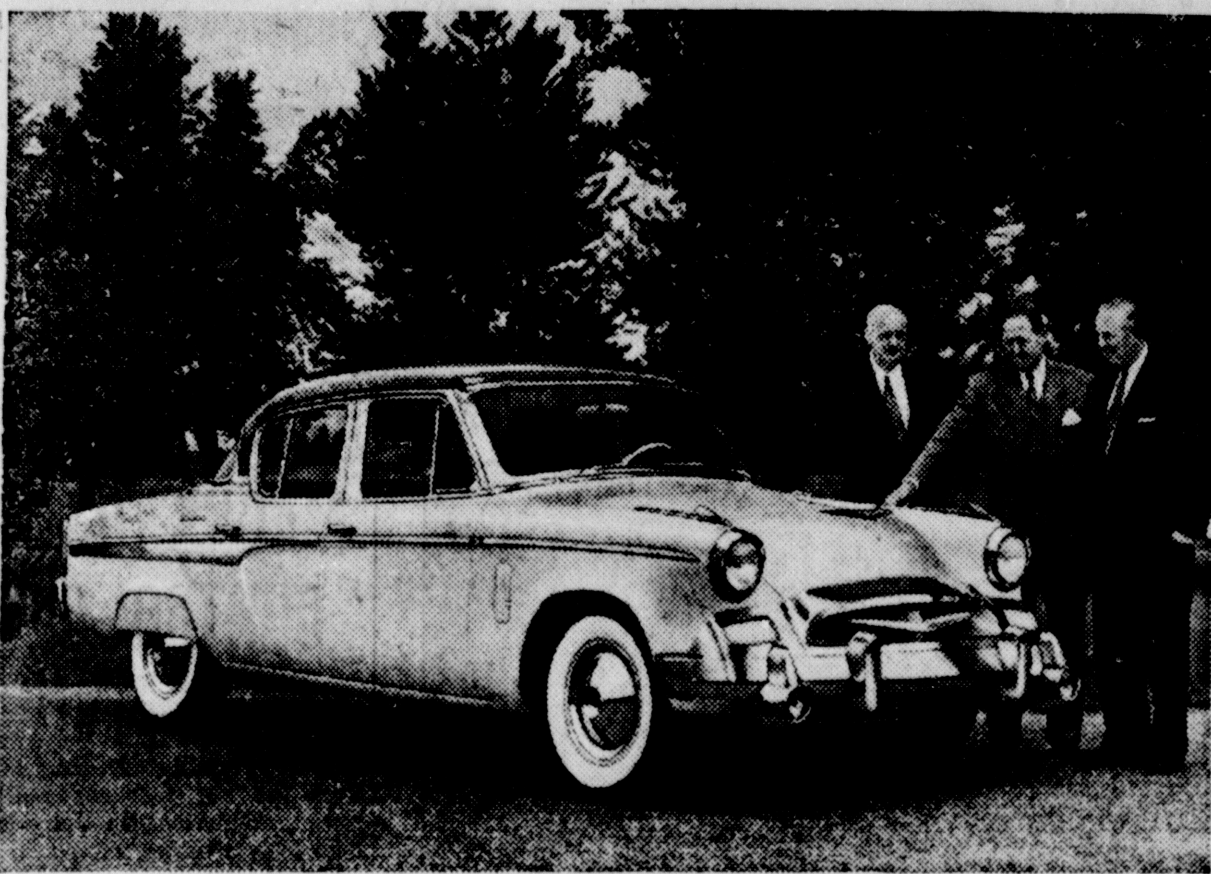

More than seven million dollars in parking meter fees were collected in New York State communities in 1953.

men were found dead in flooded basements, a third was electrocuted while operating an electric drill in a partially flooded basement and a 20-year-old youth drowned last night in a creek in suburban Oak Lawn.

Transportation in the city improved as underpasses were cleared. Several highways leading into the city remained closed.

Operations at Union Station remained virtually halted although tracks from the south were cleared of water to permit the Burlington and Pennsylvania railroads to move some trains in and out. Other lines diverted trains to other terminals or loaded and discharged passengers at outlying stations.

Studebaker-Packard Officers Inspect New Model

Officers of the new Studebaker-Packard Corporation are shown with the new President State 4-door sedan which is the luxury passenger car of the 1955 Studebaker line. H. S. Vance, chairman of the executive committee; James J. Nance, president, and Paul G. Hoffman, chairman of the board, (left to right), inspect the car at the Studebaker Proving Ground. Besides the State sedan, the President series also includes a DeLuxe sedan, a State hard-top, and a State 5-passenger coupe. All are powered by a new 175-horsepower V-8 engine. Lower prices, higher horsepower and superior styling are combined to give the Studebaker models an attractiveness unparalleled in the industry.

FINE ATTACKS LEADER FOR "HYPOCRISY"

HARRISBURG (AP) — Gov. John S. Fine says that Sen. George M. Leader's interest in the Peyton murder case was "solely political" and was "not provoked in the interest of justice."

Breaking his silence on Democratic criticism of the case, Fine sent a telegram to the Democratic candidate for governor yesterday declaring:

"Your actions bear out your

hypocrisy. You have rushed into the Peyton case with intemperate ecstasy, with speed and without inquiry."

Fine said the Pardons Board had not as yet sent him its recommendations on a third request by Charles Peyton for commutation of a 10-20 year sentence he is serving for slaying his wife.

Some board members, including Lt. Gov. Lloyd H. Wood, Republican gubernatorial candidate, have indicated they favor commutation, which would make Peyton eligible for parole.

Leader suggested the board made a "political deal" in the case and asked Fine to take a stand on it.

The governor said he would act on the commutation request if it

came calmly and judiciously."

Leader said in reply to Fine's telegram that it is "obvious that Gov. Fine 'intends to stall action' on the Peyton case until after the election."

AWAIT TRIAL DATE FOR 4 ON MACING COUNT

PITTSBURGH (AP) — Opposing lawyers are awaiting an Allegheny County Court decision setting the trial date for four state officials charged with conspiring to force state workers to contribute to a Republican campaign fund.

Atty. Charles J. Margiotti, representing the four, asked Judge Anne X. Alperin in a brief last week for a trial before the Nov. 2 election. In a brief filed yesterday, Dist. Atty. James F. Malone contested the point.

Malone said state law gives the district attorney power to fix the trial schedule. Margiotti contends that power rests with the court. Malone says his office doesn't have time to prepare the cases before November "at the earliest."

Margiotti's clients include Artemas C. Leslie, state insurance commissioner and a member of Gov. John S. Fine's cabinet, and Frederick P. Hare, the governor's administrative assistant.

They were among 15 state officials and employees indicted Oct. 1 on charges of conspiring to force, or actually forcing, state workers to give one per cent of their annual salaries to a GOP campaign fund. The indictments were recommended by a special grand jury last June. That grand jury made an investigation but did not have power to indict.

LEADER ASKS FOR TWO STATE CANCER CLINICS

BEAVER MEADOWS, Pa. (P)—Sen. George M. Leader, Democratic candidate for governor, today proposed establishment of two state cancer clinics in Pennsylvania.

"The whole purpose of these hospitals will be to help those who are unable to help themselves," he said. "The high cost of research and treatment has become so prohibitive the average person cannot afford to die of cancer."

In a prepared speech at a Democratic rally in this Carbon County community, Leader said the administration of Gov. John S. Pine has "adroitly bypassed" the problem of cancer research.

"While other states are cooperating with established agencies in cancer research, Pennsylvania, under Gov. Pine, has become a backward state, following the time-worn wagon tracks of cynical disinterest."

Leader said two cancer hospitals should be established in eastern and western Pennsylvania to handle "thousands of needy cases that require immediate attention."

Free Medical Clinics
"It is my feeling that free medical clinics should be made available to the people on a greatly broadened scale even if it means the Democratic party has to make good on the broken campaign promises of Republican administrations," Leader said.

Leader at Tamaqua yesterday ignored local officials who tried to keep him and other Democrats from using a public address system on a local street.

The defiance, however, resulted in a fine for Joseph McDonald, Girardville. Some Democrats said they would appeal the \$300 fine levied against McDonald, driver of a Democratic campaign sound truck.

Tamaqua ordinance reportedly forbids use of a public address system on the streets. William Trouts, an aid to Leader, told Burgess Newton Johns that the State Supreme Court had outlawed such laws as infringements against free speech. Johns, who made the arrest, said he intended to uphold the ordinance just the same.

4 Cops Stand By
While the Democrats argued in the town's City Hall, Leader continued his speech-making while four policemen stood nearby. Mainly he spoke about unemployment, and what he said the Republicans would do to unemployment compensation if they were elected again.

Finally, Leader and the other Democrats finished their talks and moved on.
Last Monday Leader was blocked by two policemen from making a street-corner speech in Downingtown, a Republican stronghold in Chester County. That time Leader made no effort to speak.

Downingtown police said they would not permit the sound truck to stop on the main street since it was a through highway and would block traffic.

Criticizes GOP
Later at Pottsville, Leader chided Republicans for refusal of the Eisenhower administration to allocate 17 million dollars for an anthracite dewatering program.

This refusal, coupled with the underwriting of a 100 million dollar loan to rehabilitate European mining areas, does not "speak well for the national policy in relation to the plight of the coal industry in Pennsylvania," said Leader.

In a statement issued at Harrisburg, Roy E. Furman, Democratic candidate for lieutenant governor, urged Pennsylvania newspaper editors to be on the lookout on the authenticity of information supplied them by what he termed the "so-called Republican truth squad."

He said the editors should telephone the Democratic State Committee at Harrisburg when the GOP "truth squad" shows up with a story "supposed to refute" Leader's talks.

"We're going to keep a line open for all editors who wish to call us collect and we'll be ready to give them the facts," he said.

Oppose Land Sale For Mental Hospital

MEDIA, Pa. (P)—Residents of Birmingham Twp. say they will appeal a decision of the Dauphin County Court dismissing a taxpayer's suit they had filed to keep the state from buying a 514-acre site near Chadds Ford for a proposed mental hospital.

The site has been under consideration by the state Welfare Department and the General State Authority for a 10-million-dollar, 1,200-patient hospital authorized by the 1953 General Assembly.

Harold K. Wood, attorney and spokesman for the group, said the "real question" is whether or not the GSA exceeded its authority. "The Mental Health Assn. of Southeastern Pennsylvania as well as various other competent authorities have repeatedly contended that the Chadds Ford site is ill-advised," he asserted.

AWARD BIG CONTRACT

WASHINGTON (P)—The Veterans Administration today announced award of a \$874,870 contract to Piracelli Construction Co., Inc., Baltimore, Md., for construction of two rehabilitation buildings at the Lebanon (Pa.) Veterans Hospital.

Mother Of Nine Is Dead Today At 101

BLOOMSBURG, Pa. (P)—Mrs. Sarah E. Schwinn, a resident of the Pittsburgh area for 30 years, died yesterday. She was 101.

Mrs. Schwinn married Henry Schwinn of Towanda in 1872 and later assisted her husband in the operation of a general merchandise store in Houtzdale, Clearfield County.

Surviving are three of her nine children, including a son, Walter, of Pittsburgh. Funeral services will be held here tomorrow and will be continued Friday in Pittsburgh at her son's home.

SEEKS TO STOP PEW DIVORCE

NORRISTOWN, Pa. (P)—The wife of Walter C. Pew, son of the former Sun Oil Co. general manager, has sought a court order to prevent Pew from obtaining a divorce in Florida.

Mrs. Sophie B. Pew alleged yesterday in an action filed in Montgomery County Common Pleas Court that she had not done anything to entitle Pew to bring divorce proceedings against her.

She asserted that Pew was not a legal resident of Dade County, Florida, where his divorce petition was filed last week and that he was seeking to evade Pennsylvania laws. If Pew were granted a divorce, her suit stated, she would suffer "irreparable harm and damage... to her rights and property."

Pew claimed in his divorce proceeding that his wife habitually displayed her temper, threw things at him at least 100 times and kept him in "practically a constant state of anger."

The couple was married in 1942 and has one child. Prior to the marriage, Mrs. Pew was an attendant at a Sun Oil service station in Merion, Pa.

A hearing on Mrs. Pew's action was ordered for Oct. 22.

SEGREGATION IN COURT TODAY

GEORGETOWN, Del. (P)—The question of admitting Negro pupils to previously all-white Milford High School moves into court today with a large crowd of anti-integrationists expected to be on hand.

The state chancellor is scheduled to hear an appeal by the National Assn. for the Advancement of Colored People to reinstate 11 Negro students who were forced from the school by actions of the National Assn. for the Advancement of White People and other anti-integrationists.

At a NAACP meeting last night in Lincoln, nearly everyone raised his hand when asked by State President Joseph M. Danes if they would be on hand for today's argument. The crowd was estimated at 6,000.

Meanwhile, Bryant Bowles, national president of the NAACP, arranged to meet today with State Atty. Gen. H. Albert Young, who subpoenaed NAACP records Friday. Young said yesterday that Bowles had asked in a telephone conversation for a delay and had agreed to meet with him here today.

year is the re-introduction of the President line, which was discontinued during World War II. Of the President, C. W. Epley Jr. says: "The new President line of Studebaker is a larger and more luxurious car, and it has more power in its V-8 engine. But its price compares favorably with that of any other luxury car. In fact, Studebaker this year has cut its prices all along the line, on all new models."
The front end has been revised. Gone are the bullet-shaped hood and fenders, and in their place is a single, flattened, compact chrome unit. The grillework extends the width of the front fenders, while the chrome casing extends the width of the hood.

Tubeless tires are standard equipment on all the 1955 Studebakers. Power brakes are optional, and three different types of transmission are available, one of which is the standard gearshift. The other two are automatic.

C. W. Epley, owner of Epley's Garage, has been presenting his annual auto shows for a number of years.

NAMED TO COMMITTEE

WASHINGTON (P)—Pennsylvania State University Prof. W. M. Breazeale has been named to the 29-member organizing committee of the American Nuclear Society.

The society, whose formation was announced yesterday, is composed of professional scientists and atomic technicians. Its aim is to speed the dissemination of peace-time nuclear information on a national and international level.

Dale Evans, Roy Rogers Adopt Third Daughter; Two Of Own

By DOROTHY ROE
AP Women's Editor

There's no reason for any couple to go through life without children when boys and girls still are waiting for adoption, says Dale Evans.

The beautiful, blonde and sprightly wife of the singing cowboy star Roy Rogers is a star in her own right on TV, in movies and rodeos. Wearing a sequined cow-girl outfit, a white Western hat and the smile that charms children all over the world, she was talking earnestly in her dressing room at New York's Madison Square Garden.

At the moment, she was waiting for the youngest adopted daughter of the Rogers family, Little Dottie, 2½, to appear with her nurse. Dottie is three quarters Choctaw Indian, one quarter Scotch-Irish.

Dale Wrote A Book
Of the five Rogers children, three are adopted, and, says Dale: "I can't imagine life without any of them."

The Rogers family includes Cheryl, 14, Linda, 11, Dusty, 8, Sandy, 7, and Dottie. They live on a nine-acre ranch in the San Fernando Valley.

The death of their little daughter Robin in 1952 saddened Dale and Roy and put a new seriousness into their outlook on life. Dale wrote a book, "Angel Unaware," which was a tender and sensitive discussion of the loss of a child, and she and Roy decided at once to adopt two more children—Sandy and Dottie.

"Old Fashioned Discipline"
"We believe in old-fashioned discipline," says Dale. "Each child has certain duties. Even little Do-

die must put away her toys and hang up her clothes before she goes to bed at night. The boys empty the wastebaskets, hang up their clothes and spread out their beds before they leave for school in the morning. The two older girls make their own beds, set the table and help with the dishes.

"Today's youngsters are living in such a mixed-up world that I think the only way to keep them on the right track is to give them responsibilities, and try to teach them the rules.

"Things are tough for kids these days, especially the boys. I've talked with thousands of them all over the country, and I think the reason for all the problems of juvenile delinquency is just that they feel lost and uncertain in a shaky world. The boys say, 'What's the use trying to do anything—we'll have to go to war anyway.'"

Musicians Play In Street Clothes

PHILADELPHIA (AP)—The Philadelphia Orchestra, its musicians wearing street clothes for the first time in history, opened its delayed concert season last night in a half-filled Academy of Music.

A wage dispute, which had caused postponement of the week-end's opening concert, was settled yesterday. The musicians moved immediately into rehearsal under conductor Eugene Omandy and were unable to take time out to don formal attire.

The wage settlement, approved 76-17 by Local 77, AFL American Federation of Musicians, provides for raises of \$2.50 over the old

NO HELP NEEDED—"Sabor," a robot, is accompanied by two farmers in Swiss native costume on a walk through grounds of Swiss National Agricultural Fair in Lucerne.

\$140 weekly minimum. Similar raises are provided for next year and the following year in the three-year agreement.

SHAMPOO IN BASEMENT

CHICAGO (AP)—One of the articles Mrs. Mabel Bryan didn't get out of her basement before the floodwaters hit was a case of soap flakes. When the rainwater poured in, the case popped open. Mrs. Bryan says her basement got one of the fanciest shampoos in Chicago.

ADVERTISE IN THE TIMES

One Siamese Twin Survives Surgery

MEMPHIS, Tenn. (AP)—Five-month-old Claudette Miller rested quietly in her crib today. Her Siamese twin sister Constance died last night, a few hours after separation surgery.

The twins, joined at the forehead, stood the operation nicely and doctors said, barring complications, both were expected to live. But Constance went into shock and never came out of it.

ASK DETAILS ON SECURITY PLAN IN CONTROVERSY ON SUBVERSIVES

By B. L. LIVINGSTONE

WASHINGTON (AP)—Rep. Rees (R-Kan.) called on the Eisenhower administration today to spell out in public detail the operation of the government's employee security program, the center of new campaign controversy.

Rees, chairman of the House Civil Service Committee, set Oct. 20 as a deadline for a report by the Civil Service Commission "setting forth specifically what constitute subversive actions which are the basis for separation of federal employees under a security program."

Rees, a staunch supporter of the administration, spoke up in the wake of yesterday's announcement that 6,926 federal employees had been separated from their jobs as security risks of one kind or another.

Crossfire Of Reaction
A crossfire of warm political reaction was opened up after yesterday's commission report, and it seemed likely to reverberate until election day, Nov. 2.

The commission listed 6,926 federal workers—1,743 of them with some type of "subversive data" in their files—as having been removed from the payroll for security reasons, either by firing or resignation. The period covered was the 13 months prior to June 30.

The last previous report of the commission in March set the total

then at 2,486, of whom 429 were in the subversive category.

"Numbers Racket"
In neither case was there any indication as to how many suspected subversives had been fired and how many resigned, nor whether in the latter category there had been hearings to determine whether allegations against the separated employees were valid.

The Eisenhower program makes no distinction between suspected subversives and security risks. The latter class may include persons with criminal records, perverts, those who talk or drink too much, and so on.

Chairman Stephen A. Mitchell of the Democratic National Committee termed the report yesterday a "numbers racket," a "hoax," and a "desperate effort to fool the public" in an election campaign.

Hall Sees Vindication
GOP National Chairman Leonard W. Hall said the commission's figures puncture Democratic party claims that subversion in Washington is a "bogus issue," and declared they mean "this administration is cleaning up instead of covering up."

Hall also declared the 6,926 figure vindicates Vice President Nixon and leaves Mitchell "holding the bag."

Mitchell recently accused Nixon of uttering "falsehoods" in making repeated campaign claims that the government has been removing "Communists, fellow travelers and security risks" from federal payrolls, "not by the hundreds, but by the thousands." Mitchell said Nixon was being unfair in lumping together suspected subversives and security risks.

Mitchell said in his statement

yesterday that "there is something funny about this whole business."

He quoted Atty. Gen. Brownell as saying last December that all federal employees suspected of Communist tendencies had been dismissed. And in February, Mitchell continued, Nixon said the administration "had finished 'cleaning up the mess in Washington.'"

"Since Messrs. Brownell and Nixon made their speeches," Mitchell continued, "the number of so-called security risks has grown in the Republican garden from 2,400 to 6,900. Are we to conclude from these figures that the Eisenhower administration has added 4,500 subversives to the government payroll?"

"This is low politics. It is calculated deception at the expense of the good name of federal employees. The purpose clearly is to win the election at any cost."

Karl Spooner, southpaw who joined the Brooklyn Dodgers at the end of this season, led the Texas League in strikeouts with 262. He won 29 games and lost nine for the Fort Worth Cats.

Warns Politics Is Element In Taxes

WASHINGTON (AP)—Internal Revenue Commissioner T. Coleman Andrews has warned charitable and other tax-exempt organizations that the new tax law deprives them of their tax-exempt status if they take any part in politics.

Andrews said district revenue offices "have been alerted to this important change in the law." The provision is included in the 1954 revenue code.

78 Unknown "War" Dead Are Returned

PANMUNJOM, Korea (AP)—The Communists today returned an additional 78 Allied war dead which they said were recovered "as a result of continued investigations." It was the first delivery of Allied bodies since Sept. 21. Nationalities of the 78 were classified as "unknown." The exchange began Sept. 1.

COLORADO GOP MAY FIND SHIFT IN SETUP AFTER NOVEMBER VOTE

Editor's Note—This is another of several stories by roving Associated Press reporters analyzing the campaign in key states.

By JACK BELL
DENVER (AP)—Republicans and Democrats might swap a GOP governorship for a Democratic Senate seat in a free-for-all Colorado election battle that also may alter the present even split of four House of Representatives seats.

As in other states, leaders of the two parties disagree on the trend. President Eisenhower seems to have given GOP candidates a lift by his presence, although declining to campaign locally for them.

The Democrats have whipped together a ticket topped by Sen. Edwin C. Johnson, 70-year-old veteran of two terms in the Statehouse and 18 years in the Senate. They contend it is the best they have offered in Colorado in years.

Give Johnson Edge
Nearly all observers here give Johnson a definite edge over youthful Republican State Sen. Donald G. Brozman in the race to fill the governor's chair being vacated by Republican Dan Thornton.

On the other hand, there is a solid segment of opinion—shared in some high Democratic places—that Republican Lt. Gov. Gordon Allott may be able to take the measure of former Rep. John Carroll in the contest to fill the Senate place Johnson is vacating.

In the battle for two House jobs held down by Republicans, the Democrats are crowing about their chances of winning one and holding the two they now possess. Republicans say privately they would be glad to settle for the present equal division.

Ex-Truman Adviser
Despite some Democratic coolness toward his candidacy, Carroll said in an interview he believes he and the rest of his party's ticket are "on top today."

Carroll is a former adviser to ex-President Truman and likes to be classed as "an old Roosevelt man." He is solidly backed by organized labor but may be lacking some conservative Democratic support.

Personalities Important
Allott, who is backing Eisenhower's flexible farm price supports with the reservation that he will take any feasible steps to prevent any dip in farmers' income, said he expects his plugs for the Eisenhower program to pay off at the polls.

Brozman is considered to be suffering politically from his sponsorship in the Legislature of a move by Gov. Thornton to unfreeze the 85 per cent of Colorado's excise taxes that now go under the constitution to old age pensions, welfare and other specified activities. There are about \$3,000 old age pensioners who now get the highest average level of payments in the United States.

In most of the House races, as in the statewide campaigns, personalities and local issues are playing major roles.

ARTHROSIS?
I have been wonderfully blessed in being restored to active life after being crippled in nearly every joint in my body and with muscular soreness from head to foot. I had Rheumatoid Arthritis and other forms of Rheumatism, hands deformed and my ankles were set.

Limited space prohibits telling you more here but if you will write me, I will reply at once and tell you how I received this wonderful relief.

Fire Department initiated the observance of the anniversary of the Battle of Gettysburg and to the present has proven most successful, both as to its civic pride and welfare and also its monetary profit to that organization.

"In looking forward to the observance of the 100th Anniversary and the reason for having you gentlemen as our guests, we request your cooperation, help and support in making and carrying out a program befitting this occasion.

"We are very much aware of the size of this project and feel that, through your support and only through your assistance, can this observance be made the success it should be.

"The committee appointed by the Gettysburg Fire Department to study and lay tentative plans for this occasion has worked diligently and has prepared a few suggestions which we would like you to consider and discuss and make any corrections you feel necessary for the betterment of the program.

Asks Advice, Guidance
"The Gettysburg Fire Department is primarily interested in Gettysburg. Now in the observance of the 100th Anniversary of the Battle of Gettysburg, we look to you for advice and guidance. This must be of nation-wide interest. It must be different. It should be of one week's duration, and should be free of all taint of commercialism.

"In the past six years the Gettysburg Fire Department elected to go alone. Looking forward to 1963, we anticipate not only the support of the community, but the state and the nation. We know what was done in 1933 and we think that something bigger, and perhaps better, we hope, can be achieved in 1963."

Fox announced that the committee had decided to ask Attorney Swope to head the anniversary committee and that he had accepted. He said that the firemen realized that the 1963 project was "a tremendous undertaking and one that we cannot accomplish alone."

He recommended Swope's appointment.
Judge W. C. Sheely seconded the recommendation.
Swope said that he was "grateful for the honor of being selected to be chairman of this very important committee. I fully realize the responsibility and hard work involved in this undertaking."

He commended John S. Rice, who chairmanned the commission, for the observance of the 75th anniversary of the Battle and the last reunion of Civil War veterans. He also commended the firemen for their successful observances of the Battle during recent years. He said that the celebration in 1963 should be of nation-wide interest and that he was hopeful of the support not only of the firemen but the entire community.

Discussion resolved around a number of suggestions including asking southern states to erect memorials here.

Henry M. Scharf congratulated the firemen upon their past successes and for "Sparkling the program for 1963." He said he felt sure that it would be a tremendous success.

Judge Sheely said that 1963 could be made an "outstanding year for Gettysburg." He suggested that the program need not be confined to one week but could be extended with various programs throughout the year.

The firemen's committee includes: Shenk, Fox, Donald W. McSherry, Raymond Menges, and Glenn Weishaar.

Others at the dinner were: Shelly, Rice, Scharf, Swope, William G. Weaver, Richard Debus, Francis Worley and Paul L. Roy.

Hess In Charge Of Tree Farm Checking

A Gettysburg industrial forester has been placed in charge of tree farm inspections in an 11-county area of east central Pennsylvania.

D. E. Hess of the Glatfelter Pulp Wood Co. will be responsible for the inspection of woodlots of landowners who want to join the tree farm program in Franklin, Adams, York, Perry, Lebanon, Dauphin, Lancaster, Juniata, Snyder and Mifflin Counties. He will be assisted by other foresters in the area.

Through the tree farm program, private landowners who practice good forestry on their woodlots to produce continuing crops of timber are publicly recognized. General requirements for tree farm certification are: (1) the land must be privately-owned; (2) the owner must protect it from fire, insects, disease and destructive grazing; (3) harvest cuttings must be made in a manner to insure future crops; (4) he must agree to periodic inspection of the tree farm by the program sponsors.

The program is sponsored in this state by the Pennsylvania Forest Industries Committee with the cooperation of the State Department of Forests and Waters and the Pennsylvania Forestry Association.

Swope Named Anniversary Chairman At Dinner

Attorney Donald M. Swope was appointed chairman of a Gettysburg Committee to make plans for the 100th anniversary of the Battle of Gettysburg in 1963, at a firemen's committee dinner at the Hotel Gettysburg Monday night. Those present were (left to right): Seated, Donald W. McSherry, Glenn Weishaar, Raymond Menges, James S. Shenk, Paul B. Fox, Attorney Swope, Standing, Henry M. Scharf, John S. Rice, Francis Worley, Paul L. Roy, William G. Weaver, Richard Debus, Attorney Donald P. McPherson and Judge W. C. Sheely.

104 SOCIALISTS WILL SUPPORT LONDON PACT

By JOSEPH DYNAN

PARIS (AP)—Socialist backing virtually assured a sure Premier Pierre Mendes-France of success in the National Assembly's confidence vote today on the London agreement to rearm West Germany.

The Premier demanded endorsement of the general principles of the nine-nation accord which would put arms again in the hands of 500,000 German troops, this time for Western defense.

The Socialist party's National executive Council made approval almost a certainty late last night when members voted to authorize the 104 Socialist deputies in Parliament to support Mendes-France. There was no opposition and only four abstentions.

Deputies of the Popular Republican Movement, a Catholic party slightly left of center, announced they would abstain. This attitude had been expected because the MRP, the party of Georges Bidault and Robert Schuman, believes the London agreement does not go far enough toward the political unification of Europe. Mendes-France had not counted on its support.

Expect More Than 314
The Socialist votes, added to those of the Premier's own Radical Socialist (moderate) party and other center factions, are expected to push Mendes-France's total well above the 314 required for a majority in the 627-seat Assembly.

Virtually all Socialist deputies are expected to obey their council's order, although nearly half of them disregarded a similar dictate by opposing the defunct European Defense Communist Treaty. The executive's resolution said Mendes-France had promised to seek Socialist-desired safeguards against a rebirth of German militarism.

There have been increasing signs of a move to bring the Socialists into Mendes-France's coalition government. The Premier has expressed the desire for the party's support and had made efforts to meet its position on both international and domestic affairs.

The Premier still can encounter rough seas when he submits a final treaty text for ratification by the Assembly, possibly before the end of the year.

Mendes-France is under strong pressure to tighten up the defense arrangements to prevent the re-emergence of an autonomous German general staff and German army.

terns of thought, conduct, attitudes and ambitions of the boys and girls are of much greater importance than isolated facts and figures. Of course, subject matter must be used to inculcate in the minds of these young people desirable traits and habits of living. How else could we do it?

Encourage Pupils
"The children that come to our classes have hopes, ideals, ambitions and it is our job to keep these alive at the least and at best encourage them in such a way that these hopes can be realized. It becomes imperative then that we consider no one hopeless, that we realize there is some of the Divine in each of us—deeply buried maybe, but not so deeply buried that it cannot be uncovered. We should take care that we form no opinion of any pupil that is not subject to revision. No pupil deserves to be 'pigeon-holed' at the beginning of a school career or at the beginning of a school year. There are too many examples in history that caution against this act.

"This idealistic, but no personality was ever developed through a materialistic approach to the teaching of children. Another criticism might be that we do not have time to develop each child's personality. That is true. However, pupils readily discern, appreciate and react to fair treatment.

"Often times when we have inattention in class the cause is justified. Children are by nature inquisitive. If this is dulled there must be some cause. Is it natural satisfaction, or is there some cause that makes them desire not to learn? Finding that cause is a job for the teacher, and often they can help to eliminate it and then build upon the child's natural curiosity."

President Lewis Bosserman presided at the meeting.

"A child may be a dullard one

day, but that does not mean we should catalogue him as a dullard. We, too, have our dull days and none of us would like to be judged on the basis of our performance on our dull days. One of the common complaints of teachers against being rated is that no one person can rate another on two or three days' observation. Of course we as teachers have 180 days on which to make observations but too often we put an evaluation on a pupil the first few days we observe him and let him carry that tag or label without any re-evaluation the rest of the year or the rest of his school career. That is unfair!

day, but that does not mean we should catalogue him as a dullard. We, too, have our dull days and none of us would like to be judged on the basis of our performance on our dull days. One of the common complaints of teachers against being rated is that no one person can rate another on two or three days' observation. Of course we as teachers have 180 days on which to make observations but too often we put an evaluation on a pupil the first few days we observe him and let him carry that tag or label without any re-evaluation the rest of the year or the rest of his school career. That is unfair!

"This idealistic, but no personality was ever developed through a materialistic approach to the teaching of children. Another criticism might be that we do not have time to develop each child's personality. That is true. However, pupils readily discern, appreciate and react to fair treatment.

"Often times when we have inattention in class the cause is justified. Children are by nature inquisitive. If this is dulled there must be some cause. Is it natural satisfaction, or is there some cause that makes them desire not to learn? Finding that cause is a job for the teacher, and often they can help to eliminate it and then build upon the child's natural curiosity."

figuring the building to be 35 years old.

Says Value Is \$13,816
Eckert held his home is for the most part 46 years old and that its actual dimensions show it contains 27,000 cubic feet.

Eckert by applying the formula as a guide, and using the corrected figures for his structure and its age found that the value given was \$13,816.

The hearing originally had been scheduled for the regular Gettysburg assessment appeals period and was postponed then until Monday afternoon, because of inability of Mr. Eckert to be present at the original date.

Neighbors' Assessments

The law requires that properties be assessed in proportion to other properties within the area. The records of Chief Assessor William G. Weaver showed among other valuations in the community and general area: James Cairns, \$4,500; James Oyler, \$4,500; Charles Sheely, \$3,750; A. R. Wentz (Judge Sheely's home) \$3,000; Dr. Hartman estate, \$3,000; Musselman property, \$2,700; Charles Zeigler, \$2,500; Wilbur Plank, \$4,000; Lloyd Keefeauver, \$3,000; J. I. Burgoon, \$3,375; Earl Wineman, \$3,500 etc.

The commissioners suggested further steps in order to obtain a fair evaluation on the property holding that the one-per cent per year devaluation should not hold good in a property as well kept up as the Eckert property and holding that in their opinion the \$5,000 assessment, even though the formula did not back it up, was a fair valuation in relation to the county-wide assessments.

At the end of the hearing it seemed possible that an appeal will be made to the court to help both the commissioners and Eckert in securing a fair valuation of the property which in turn would give a light on the actual values of other properties in the area.
